Project Manager

Missouri Hospital Association is seeking a motivated, detail-oriented self-starter to be responsible for the Opioid State Targeted Response grant. This position will serve as the liaison between Missouri Hospital Association and the University of Missouri – St. Louis, Missouri Institute for Mental Health to coordinate opioid-reduction strategies of Missouri hospitals and the Department of Mental Health’s Emergency Room Enhancement project with the broader Opioid STR program team. The primary goal of this position is to improve screening, identification and early intervention for opioid use disorder in the hospital setting. The position is funded entirely by a federal contract and continuation of this position is dependent on renewals of this contract. Must possess a bachelor’s degree in social work or public health or equivalent training and experience. A master’s degree or clinical license with mental health or substance abuse concentration is preferred. Experience working in a healthcare-related setting and a background with health literacy preferred. Must possess exceptional project management and organizational skills. MHA is an equal opportunity employer with a smoke-free work environment. MHA participates in the E-Verify Program. Submit resume and salary requirements to Human Resources, P.O. Box 60, Jefferson City, MO 65102-0060 or fax to 573/893-7665.
