Director of Quality Assurance and Data Governance

The Hospital Industry Data Institute (HIDI), the data company of the Missouri Hospital Association (MHA), is seeking a director of quality assurance and data governance to lead and manage governance activities related to improving the quality and managing the protection of sensitive data and information assets. Qualifications include a baccalaureate degree in health information management, management information systems, health information technology or equivalent experience. Successful candidate should have knowledge of industry standard data quality and governance practices, business and technology issues related to management of enterprise information assets and approaches related to data protection. Must have excellent time management and consulting skills with change management concepts and strategies. Strong verbal, written and interpersonal skills required. Experience in managing and implementing health data governance programs is required. HIDI is an equal opportunity employer with a smoke-free work environment. HIDI participates in the E-Verify Program. Submit resume and salary requirements to Human Resources, P.O. Box 60, Jefferson City, MO 65102-0060 or fax to 573/893-7665.
