

CRITICAL ACCESS NETWORK MEETING

March 1, 2016

Key Question: What kind of association do we want MHA to be?

MHA aspires to be for its members

- The most influential association in Missouri
- The most innovative state hospital association in America
- The “go to” organization for health care legislative, regulatory, data analytics and quality engagement services

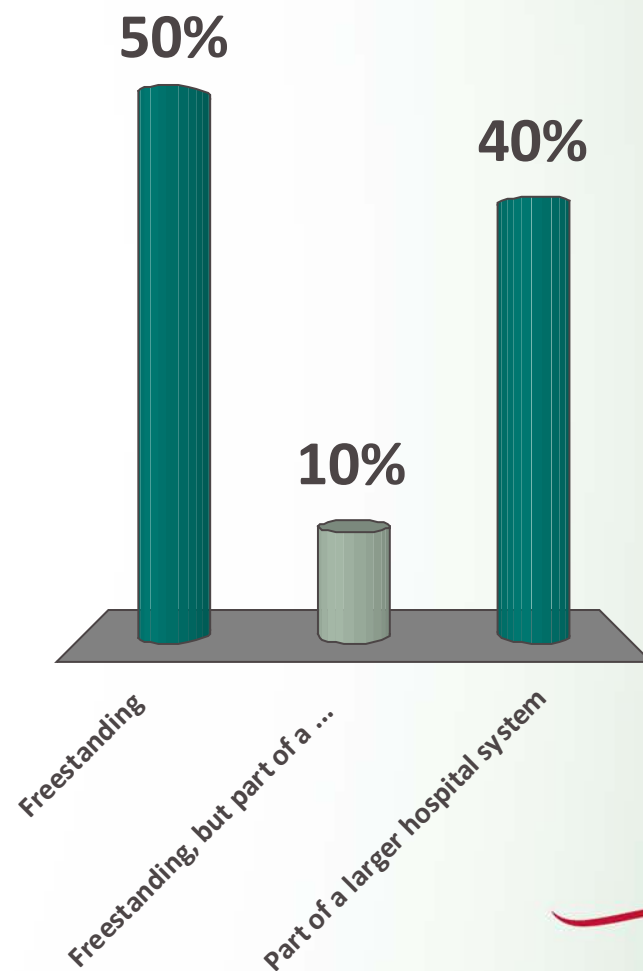

To achieve these ongoing aspirations, MHA must be prepared to:

- Redefine roles, service and activities to meet members' new needs
- Examples might include reviewing
 - MHA's legislative and regulatory structure
 - Governance and member categories
 - Service offerings
 - Data capability
 - Role as a thought leader
 - Agent for facilitating the transfer of knowledge
