About This Report

Missouri INDEX
Version: February 2016
Report Generated: 2/22/2016 3:02:42PM

This report contains provider-level data from the Hospital Strength INDEX®, a broad performance scorecard based on publicly available data.

INDEX® Scoring Notes

Note: Hospitals with missing scores had data suppressed by CMS.
Note: Hospitals with * by their scores did not report any data for at least one indicator.

Methodology

The overall score and the nine pillar scores are displayed in the table above. Rankings are based on percentile scores compared to all U.S. hospitals in the study database. **Additional details on our methodology and data sources can be found at iVantageINDEX.com/methodology.**
