

Be part of the **HIIN CROWD**

**Innovate. Exnovate.
Improve. Inspire.**

**JOIN
TODAY!**

Join the Missouri Hospital Association's **Hospital Improvement Innovation Network** – a partnership with the American Hospital Association's Health Research and Educational Trust to drive quality improvement throughout the state of Missouri. The Centers for Medicare & Medicaid Services expects every acute care, critical access and children's hospital to collectively address patient harm through HIIN participation. MHA has developed a strong program to support the project goals in the pursuit of the Triple Aim – better health, better care and lower costs.

INNOVATE.

- » Connect and share best practices, tools and resources with the largest HIIN network of more than 1,700 hospitals across the nation
- » Access national thought leaders
- » Engage leaders and front-line staff to provide the highest quality of care
- » Co-design care with patients and families

EXNOVATE.

- » Improve existing practices
- » Enhance ability to provide efficient patient care
- » Empower staff to eliminate wasteful processes
- » Build a patient- and worker-centered culture of safety

IMPROVE.

- » Create momentum and urgency
- » Engage in MHA Immersion Projects
- » Use data to drive improvement
- » Achieve reductions in patient harm and readmissions

INSPIRE.

- » Engage in meaningful work
- » Energize the spirit of caring

MHA HOSPITAL ENGAGEMENT NETWORK ACCOMPLISHMENTS

10,600
harms and
readmissions
prevented

\$98.4 mil
saved in
unrealized costs

\$12 mil+
provided to fund
quality and safety
initiatives within
the state
