

Better Data. Better Decisions.

Jon D. Doolittle
President and CEO

***** JOB OPENING NOTICE *****

Open: October 11, 2022

Database Analyst

The Hospital Industry Data Institute (HIDI), the data company of the Missouri Hospital Association (MHA), is seeking a database analyst to provide research-oriented analytical support to the MHA, its affiliates and hospital-based clientele. Qualifications include a bachelor's degree in statistics, economics, finance, social science, mathematics or related field (master's degree preferred). Must possess demonstrable programming experience with various forms of source data, performing complex data manipulations and delivering data and analytic deliverables using SQL, SAS and/or other statistical applications. Applied experience with business intelligence tools (e.g. Tableau, Power BI), geospatial analysis tools (e.g. ArcGIS), hospital UB04 and other common healthcare data sources highly desirable. Must have experience in accurately gathering/decomposing general project requirements and translating into precise programmatic workflows (using SSMS, for example). Experience working in Lean/Agile/Scrum team-based development environments is a plus. HIDI is an equal opportunity employer with a drug and smoke-free work environment. HIDI participates in the E-Verify Program. Submit resume and salary requirements to Human Resources, P.O. Box 60, Jefferson City, MO 65102-0060 or fax to 573-893-7665.
